AUDA StreetScape Update

October 5, 2011

CONSTRUCTION PROJECT UPDATE

From October 5—12th, please anticipate construction work to continue between Elder's Station & Pine Street on Lincoln Way. Hansen Brothers will be working with PG&E on the night of Tuesday, October 4th to facilitate the electrical tie-in in front of the AT&T building.

Starting October 10th please anticipate crews to be off-site. Wave Broadband is scheduled to begin setting boxes within the next few weeks. Wave Broadband and AT&T will start their utility work at the conclusion of PG&E's utility work. At the conclusion of all the utility work, the demolition of the poles will begin. Which is anticipated by mid-November. Sections of the curb, gutter and sidewalk have been blocked out to facilitate the removal of the utility poles. Following the pole removal, Hansen will complete the final curb, gutter and sidewalk, paving and commence the landscaping.

PG&E may have traffic control between Elder's Bus Station and Pine Street depending on their utility work, but will maintain traffic flow in each direction on Lincoln Way.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next two months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.
