

Have you heard about Organic Waste Recycling?

Starting January 1, 2019 businesses generating four or more cubic yards of solid waste per week are required to recycle their organic waste. Placer County already recycles green and wood waste delivered to their materials recovery facilities.

Commercial Food Waste Recycling Made Easy!

- Free site visits and assistance.
- Call Recology at (530) 885-3735.
- Visit www.placer.ca.gov/recycle for more information.

Did you know...

- State law (AB 341) requires most businesses to have a recycling program in place.
- The good news is, whether a business subscribes to collection service or hauls their garbage, it's all getting recycled with the One Big Bin program.
