December 19, 2019

To the Honorable Mayor, City Council and Citizens of Auburn:

THE COMPREHENSIVE ANNUAL FINANCIAL REPORT OF THE CITY OF AUBURN

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of Auburn for the Fiscal Year July 1, 2018 through June 30, 2019. Although addressed to the City's governing body and its citizens, the CAFR is intended also to provide relevant financial information to creditors, investors, and other interested parties. This transmittal letter provides a summary of City of Auburn finances, services, achievements and economic prospects for readers without a technical background. Those wishing a more detailed discussion of the City's financial results should refer to Management's Discussion and Analysis (MD&A) contained in the Financial Section of the CAFR.

The City of Auburn's management is solely responsible for the accuracy of the information contained in this report, the adequacy of its disclosures, and the fairness of its presentation. We believe this CAFR to be complete and reliable in all material respects. To provide a reasonable basis for making this representation, the City has established a system of internal controls designed to protect City assets from loss, to identify and record transactions accurately, and to compile the information necessary to produce financial statements in conformity with generally accepted accounting principles.

The City has contracted with Mann, Urrutia, Nelson, CPAs, a firm of Certified Public Accountants licensed to practice in the State of California, to perform the annual independent audit. The auditors expressed an opinion that the City's financial statements for Fiscal Year 2018-19 are fairly stated and in compliance with accounting principles generally accepted in the United States. This conclusion is the most favorable kind and is commonly known as an "unmodified" or "clean" opinion. The independent auditor's report is included in the Financial Section of this report.

REPORTING ENTITY

The City of Auburn is a general-law City incorporated under California law, first in 1860 and again on May 2, 1888. The City operates under a council-manager form of government. The City's five Council Members are elected at-large and serve overlapping four-year terms. Annually, the City's five Council Members elect the position of Mayor and Mayor Pro Tempore, who serve one-year terms in this capacity. All elections are conducted on a non-partisan basis. The City Manager is appointed by the Council and serves as the chief administrative officer of the organization. The City Manager is responsible for administration of City affairs, day-to-day operations, and implementation of Council policies. The City's fiscal year begins on July 1 and ends June 30 of the following year.

The City provides a full range of municipal services including: police and fire protection; the construction and maintenance of streets and infrastructure; land use planning and zoning; building safety regulation and public inspection; and general administrative services. The City also operates the Auburn Municipal Airport and a wastewater treatment facility.

The City of Auburn covers approximately 7.5 square miles on the western slope of the Sierra Nevada Range and has an estimated population of 14,392. At the crossroads of Interstate 80 and Highway 49, Auburn is the county seat of Placer County and an important retail trade center. The City of Auburn and surrounding Auburn areas have emerged as a destination point for those enjoying a variety of activities including whitewater rafting, horseback riding, and hiking to the historic ambiance of the Old Town and Downtown areas providing unique shopping and dining experiences. In 2003, the Auburn City Council passed an official measure proclaiming Auburn as the Endurance Capital of the World. Auburn is home to some of the most challenging and historic endurance events on the planet, including the Auburn International Triathlon, the Tevis Cup Ride, and the Western States 100-mile Endurance Run and many other major events and activities in "the Endurance Capital of the World."

This report includes all funds of the City and the Auburn Public Finance Authority which are all governmental organizations controlled by or dependent upon actions taken by the City Council.

ECONOMIC CONDITION AND OUTLOOK

Since the economic recession of 2008 & 2009, the City continues experiencing positive revenue growth. The City continues to maintain responsible levels of General Fund balance as it continues to experience tax revenue growth and continued higher than typical levels of development activity. The City remains well-positioned operationally, with funding priorities determined based on revenue generation, cost efficiency, health and safety, critical staffing needs, cost recovery, project delivery and improved public service and efficiency. Throughout the fiscal year, the City continued to manage General Fund expenditures while also receiving increased levels of sales and property tax.

Continued updates to a seven-year forecast developed for the City's General Fund help to pinpoint budgetary opportunities and challenges, facilitating the transmission of pertinent fiscal and economic data to resource allocation decision makers. Although the City realized a net decrease in General Fund balance of approximately \$395,000 primarily due to the transfer of an additional \$500,000 towards the Street Overlay Program carried over from the previous year, the General Fund balance of \$5.25 million represents 42% of total expenditures incurred for the fiscal year ended June 30, 2019. The City continues positioning itself to improve and enhance its viability in coming years.

During the last three fiscal years, the California Public Employees Retirement System, or CalPERS, Board has now fully phased in the lowering of the discount rate used to compute total pension liabilities from 7.5% to 7.0%. The impacts of this phase-in, coupled with the recent CalPERS Board decision to begin amortizing portfolio gains and losses and assumption changes over a twenty year period as opposed to the current thirty year period will be closely monitored by City staff to mitigate the impacts of potentially increasing costs. The City continues to be responsive to these changes by developing the aforementioned forecast that incorporates these significant cost-drivers into a long-term financial model for the City's General Fund. The City continues to closely monitor CalPERS policy changes and the impacts on future budgets.

The City is committed to bringing new ideas and solutions to improve and enhance service delivery of existing programs while confronting the challenges of a seemingly ever-changing economic environment. To this end, the City will continue to evaluate citywide programs and services consistent with cost effectiveness and efficiency.

SIGNIFICANT EVENTS AND ACCOMPLISHMENTS

Highlights of activities and accomplishments for the fiscal year ended June 30, 2019 include the following:

- ❖ The Auburn Municipal Airport completed construction on an aggressive series of capital improvement projects including replacement of the aircraft wash bay and pollution abatement facility, upgraded runway lights to LED, and slurry seal resurfacing of the pavement tie-down areas.
- ❖ The City has ongoing construction for the City's Nevada Street Pedestrian & Bicycle Facilities Phase II capital improvement project. Current construction activities include excavation and backfilling for retaining walls, waterline tie-ins, storm drain improvements, and winterization.
- ❖ The City of Auburn building department issued 807 building permits for the fiscal year. This represents a 4% increase in the number of permits issued over the prior year. This increase includes eleven new single family dwellings and 63 permits for commercial additions and tenant improvements. The total valuation of the permits issued was \$23,489,518.

- ❖ The Auburn City Fire Department successfully transitioned from a Public Safety Department model to one having a dedicated fire chief. Recent major accomplishments include a reorganization of the fire department to meet fiscal constraints, aggressive approach to planning and preparing against wildfire, and continued development of professionalism by all members through training and experience. In September 2019, a second full-time staffed station was opened – staffing three firefighters on each shift.
- ❖ The Auburn Police Department has worked to develop a three-year strategic plan as a guideline to better serve the community using social media and other outreach programs; recruit and retain staff; and improve the professional development of staff through internal and external training.

LONG-TERM FINANCIAL PLANNING AND INITIATIVES

Fiscal Summary

The Fiscal Year 2019-20 General Fund Proposed Budget is \$12,378,627, representing a decrease of 6.2% over the FY 2018-19 Adjusted Budget. This decrease is primarily attributable to the following factors:

- ✓ Total General Fund capital expenditures of \$695,250 are \$779,000 less than the prior year due to completion of major building projects and a one-time transfer of an additional \$500,000 towards the Overlay Program in FY 2018-19.
- ✓ Public Safety overtime is anticipated to decrease due to program efficiencies and filling of vacant positions.
- ✓ Negotiated salary increases.

Revenues:

Sales Tax is the largest single revenue source for the General Fund. The Fiscal Year 2019-20 Sales tax represents 44% of total General Fund revenues.

Property Taxes are the second largest revenue source in the General Fund. Assessed valuation (AV) is anticipated to increase this year by approximately 3% over the prior year. The improving economy is impacting property tax revenue which the City collects for services such as police, fire, administration and code enforcement. The City anticipates \$4.1 million in property tax revenue for Fiscal Year 2019-20, representing 33% of total revenues received in the General Fund.

Public Works:

Capital Improvement Plan: The budget adopted for Fiscal Year 2019-20 includes more than \$12.9 million appropriated for all capital projects, the largest project being a \$4.8 million allocation to the Transportation Fund Nevada Street Sidewalk Project. The City continues to strive to identify alternative funding sources for public infrastructure including streets and sidewalks.

Community Development:

Community Development Block Grant Economic Development Loans: The City of Auburn is expected to reinvigorate the CDBG Economic Development Loan Program to provide up to \$400,000 in loans to qualifying businesses.

Public Safety:

In July 2018, the City selected a new Fire Chief as the transition from a consolidated approach to managing Police and Fire operations was split into two separate departments. The City continues to fund three firefighter positions formerly paid for by the SAFER Grant; and is funding an additional seven firefighters for at least one year to help mitigate increasing threats of wildfires and a means to continue focusing on fire safety programs. In November 2018, the City selected a new Police Chief who has been guiding the department in working collaboratively with other agencies while increasing presence with the local community as a whole.

FINANCIAL INFORMATION

The City's management staff is responsible for establishing and maintaining internal controls that safeguard the assets of the government from loss, theft, or misuse and allow the compilation of adequate accounting data for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed its likely benefits and that the evaluation of costs and benefits is subject to management estimates and judgments.

Budgetary Controls

The City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of the majority of the funds are included in the annual appropriated budget. Expenditure activities for certain funds are not considered during the annual budget process due to their reliance on revenues received. Budgetary control within each department is monitored at the major object level (employee salaries and benefits, services and supplies, other charges and capital assets). The level of budgetary control, at which expenditures in budgeted funds cannot legally exceed the budgeted amount, is at the departmental level. This means that the expenditures cannot legally exceed the amount appropriated by the City Council. If necessary, staff recommends budgetary changes during periodic financial status reports to the City Council.

The City continues to meet its responsibility for sound financial management as demonstrated by the statements and schedules included in the financial section of this report.

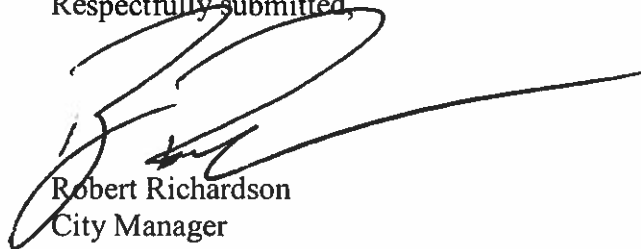

The preparation of this CAFR represents the culmination of a concerted team effort by the entire staff of the Administrative Services Department. Each member of the

department has our sincere appreciation for the contributions made in the preparation of this report.

In addition, staff in all City departments should be recognized for their timely and positive response to the requests for detailed information necessary to prepare the annual audit.

Finally, we wish to express our sincere appreciation to the Mayor and City Council for providing policy direction and a firm foundation of support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Robert Richardson
City Manager

INDEPENDENT AUDITOR'S REPORT

To the City Council of
the City of Auburn
Auburn, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Auburn as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Auburn, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension related schedules, and the schedules of changes in the City's net OPEB liability and related ratios as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Auburn's basic financial statements. The introductory section, combining and individual nonmajor governmental fund financial statements and budgetary comparison schedules, agency funds, and combining statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor governmental fund financial statements and budgetary comparison schedules and the agency funds and combining statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor governmental fund financial statements and budgetary comparison schedules and the agency funds and combining statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2019, on our consideration of the City of Auburn's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Auburn's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Auburn's internal control over financial reporting and compliance.

CITY OF AUBURN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

This section of the City of Auburn California's Annual Financial Report presents a narrative overview and analysis of the City's financial activities for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the City's basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS FOR THE FISCAL YEAR 2018-19

- The assets and deferred outflows of resources of the City exceeded liabilities and deferred inflows of resources by \$48,388,382 (total net position). Of this amount, there is an unrestricted net position of \$2,829,025 to meet long-term and ongoing obligations to citizens, employees and creditors. There is \$2,122,955 restricted for public safety programs, street maintenance and construction, fire protection services, community development and capital projects.
- As of June 30, 2019, the City governmental funds reported combined fund balances of \$8,156,366. Approximately \$4,783,749 of the combined fund balances, or 59%, is available to meet the City's current and future needs (committed and unassigned fund balance).
- An annual deficit of \$(395,374) was realized in the City's General fund during the fiscal year. Total General fund balance as of June 30, 2019 was \$5,254,966.

OVERVIEW OF THE COMPREHENSIVE ANNUAL FINANCIAL REPORT

The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information (RSI) in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. These statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. They provide information about the activities of the City as a whole and present a long-term view of the City's finances.

The Statement of Net Position presents information on all of the City's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Auburn is strengthening or weakening.

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash receipts or disbursements. Thus, revenues and expenses are reported in this statement for some items that will only result in cash receipts or disbursements in future fiscal periods, such as property taxes assessed for the current year but received after June 30, or vacation leave earned in the current year but not utilized until a subsequent year.

The government-wide financial statements of the City are divided as follows:

Governmental activities

These are activities that are principally supported by taxes and intergovernmental revenues. For the City of Auburn, governmental activities include general government, public safety, transportation and community development.

Business-type activities

These are activities that are primarily funded through user fees and charges. The City of Auburn's business-type activities include the airport and wastewater treatment operating facility.

CITY OF AUBURN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Auburn, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds used by the City are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, which focus on the long-term, governmental fund financial statements focus on short-term inflows and outflows of spendable resources and the balances of those spendable resources available for spending. This information is useful in evaluating a government's short-term financing requirements.

To assist the user of these financial statements in understanding the differences and the relationship between the government-wide financial statements and the governmental funds financial statements, reconciliations between the two sets of statements have been included in this report.

The reconciliation of the Governmental Funds Balance Sheet to the Government-wide Statement of Net Position highlights the inclusion of capital assets and long-term liabilities in the government-wide financial statements.

The reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Government-wide Statement of Activities highlights the exclusion of capital expenditures, depreciation, and cash flows related to long-term liabilities from the governmental fund statements.

The City of Auburn maintains numerous individual funds, which for financial reporting, are grouped according to their type (general fund, special revenue, and capital projects). Funds whose expenditures exceed 10% of the total expenditures for all governmental funds, or meet other specific criteria for determining their importance to the financial statement user, are designated Major Funds, and are reported separately in the governmental funds statements. All other funds are grouped together for reporting purposes. Major funds for the City of Auburn are:

- General Fund
- Transportation
- HOME Housing Rehabilitation & First Time Homebuyer

Individual fund data for each non-major governmental fund is provided in combining statements included in the Supplementary Information section of this report.

Proprietary funds

Proprietary funds are generally used to account for services for which the City charges customers - either outside customers, or internal units of departments with the City. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. Proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses proprietary funds to account for the Auburn Airport and the Waste Water Treatment Facility.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside of the reporting government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The City utilizes two types of fiduciary funds:

- Private-purpose trust funds are used to report all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments.
- Agency funds are used to record assets of separate organizations for which the City serves as a custodian for the organization. All assets in agency funds are offset by a liability to the organization on whose behalf they are held.

CITY OF AUBURN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

Required Supplementary Information

This report presents required supplementary information concerning the City of Auburn's progress in its obligation to provide pension and other post-employment benefits to its employees, and budgetary comparison information for the City's general fund and major special revenue funds.

Combining and Individual Fund Statements and Schedules

This section of the report includes combining information for the City's non-major funds and fiduciary funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This section of the Management Discussion and Analysis provides a comparison and review of governmental activities for two fiscal years. In addition, an analysis of the current fiscal year net position and changes in net position is provided.

Table 1

CITY OF AUBURN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

Governmental Activities

The City's governmental net position amounted to \$10.9 million as of June 30, 2019, a decrease of approximately \$(931) thousand over the fiscal year ended June 30, 2018. This decrease is the change in net position reflected in the Governmental Activities column of the Statement of Activities, including pension adjustments reflected in Table 1. The City's net position from governmental activities as of June 30, 2019, is comprised of the following:

- Cash and investments comprised \$6,814,950 in the City treasury, \$92,368 of which is restricted in use. Substantially all of these amounts were held in short to medium term investments in governmental securities and corporate notes, as detailed in Note 2 to the financial statements.
- Current accounts, interest, taxes and intergovernmental receivables comprised \$3,410,107, an increase of \$1,229,120 over the previous year.
- Loans receivable comprised \$2,224,764, all of which represents loans provided by the City's Home Investment Partnerships Program to support first time homebuyers and housing rehabilitation and Community Development Block Grant Program to support small business development.
- Capital assets of \$18,895,880, net of accumulated depreciation, which includes City infrastructure, buildings and improvements, equipment, land improvements and related construction in progress.
- Current liabilities, including accounts and interest payable, deposits and unearned revenues comprised \$2,100,851.
- A net pension liability of \$16,001,145 and net OPEB liability of \$1,634,829.
- Long-term liabilities comprised \$4,120,542, which includes Pension Obligation Bond Series A-1, issued in 2006.
- Net position invested in capital assets net of related debt of \$18.8 million, a slight decrease over the previous year (\$19.6 million). This represents the City's investment in infrastructure and other capital assets used in governmental activities, net of amounts borrowed to finance that investment.
- Restricted net position totaling \$2.1 million which may be used only to construct specified capital projects or for public safety programs, street maintenance and construction, and community development.
- Unrestricted net position is the portion of net position that can be used to finance day-to-day operations without constraints established by debt covenants or other legal requirements or restrictions. The City had a negative unrestricted net position of \$(10,027,579) as of June 30, 2019. This is due to long-term pension obligations and long-term OPEB obligation that are now shown in the financial statements per GASB No. 68 and No. 75, respectively.

Business-Type Activities

- Cash and investments comprised \$14,156,904 in the City Treasury, \$23,550 of which is restricted in use as detailed in Note 2 to the financial statements.
- Current accounts, taxes and intergovernmental receivables comprised \$330,102.
- Total capital assets of \$39,816,711, net of accumulated depreciation.
- Current liabilities, including accounts and interest payable, and deposits, comprised \$224,492.
- A net pension liability of \$1,422,487 and net OPEB liability of \$87,210.
- Long-term liabilities comprised \$16,175,975.
- Net position invested in capital assets net of related debt of \$24.7 million, representing the City's investment in infrastructure and other capital assets used in business-type activities, net of amounts borrowed to finance that investment.
- Unrestricted net position of \$12,856,604.

Governmental Activities

Governmental activities net position decreased to \$10,863,558 during fiscal year 2018-19.

As Table 2 above shows, \$3,621,899 of the City's fiscal year 2018-19 revenue is derived from program revenues, while \$11,752,451 is derived from general revenues such as taxes, rents and interest.

Program revenues are composed of fees and charges for services of \$1,286,587 that include permit revenues, fees and charges used to fund expenses incurred in providing services; and \$2,335,312 of operating grants and contributions which include gas tax, transportation development allocations, transportation grants, and public safety allocations and grants.

General revenues are not allocable to programs but are used to pay for the net costs of governmental programs.

CITY OF AUBURN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

Business-Type Activities

Business-type activities net position increased to \$37,524,824 during fiscal year 2018-19.

Net position in the City's Airport fund increased by \$130,804 during fiscal year 2018-19. The increase is primarily attributable to increased net operating revenues and lower-than-anticipated capital expenditures.

Net position in the City's Sewer fund increased \$4,569,791 during fiscal year 2018-19. The increase is primarily attributed to receipt of grant revenues (forgiven portion of the loan) related to the Sewer Oxidation Ditch project and lower-than-anticipated capital expenditures.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure compliance with finance-related legal requirements. The fund financial statements presented in this report address the need of the City to demonstrate compliance with financial restrictions and allow the statement's users to separately analyze individual funds.

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Table 3
Revenues Classified by Source
Governmental Funds
For the Years Ended June 30, 2019 and 2018
(in thousands)

	2019		2018		Variance	% Change

Taxes	\$ 11,302,835	72.9 %	\$ 9,833,554	68.3 %	\$ 1,469,281	14.9 %
Licenses and permits	510,005	3.3 %	744,953	5.2 %	(234,948)	(31.5)%
Fines and forfeitures	206,888	1.3 %	130,891	0.9 %	75,997	58.1 %
Use of money and property	409,025	2.6 %	372,647	2.6 %	36,378	9.8 %
Intergovernmental	2,533,044	16.3 %	2,686,215	18.7 %	(153,171)	(5.7)%
Charges for services	225,133	1.4 %	326,781	2.3 %	(101,648)	(31.1)%
Other revenues	<u>347,350</u>	<u>2.2 %</u>	<u>290,283</u>	<u>2.0 %</u>	<u>57,067</u>	<u>19.7 %</u>
	<u>\$ 15,534,280</u>	<u>100.0 %</u>	<u>\$ 14,385,324</u>	<u>100.0 %</u>	<u>\$ 1,148,956</u>	<u>8.0 %</u>

Collections of taxes increased by \$1,469,281, primarily due to an increase in sales taxes related to economic activity and the one-time recognition of a rebate in sales taxes recognized in FY 2017/18.

Collections of licenses and permits decreased by \$(234,948) due primarily to a decrease in development-related revenues compared to the prior year.

Collections of fines, forfeitures and penalties increased by \$75,997 due to higher collections of traffic and civil fines.

Collections of intergovernmental revenues decreased by \$(153,171) million due to lower collections of transportation-related revenues.

Collections of charges for services decreased by \$(101,648) due to decreased development fee collections compared to the prior year.

Collections of other revenues increased by \$57,067.

The \$243,358 increase in governmental fund expenditures during the fiscal year 2018-19 can be primarily attributed to the following:

Increased general government costs related to a full year of operation for the Economic Development Department and increased legal and insurance costs, offset by;

Decreased community development costs related to prior year one-time loans in the HOME Loan program, and

Decreased public safety costs related to the Fire Department's management oversight of overtime and relief fire staffing programs.

CITY OF AUBURN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

General Fund

The General Fund is the main operating fund of the City, and accounts for general operations including public safety, community development, and administration. The General Fund experienced an overall increase in total revenues of \$1,232,676 or (1.3%). This increase can be attributed to lower overall collections of development-related revenues. The General Fund experienced an overall increase in expenditures of \$409,959 or 4.9%. This increase can be attributed to higher overall collections of property and sales taxes related to continued improvement in the overall economy and higher collections of fines and forfeitures; offset by decreases in licenses and permits related to lower levels of development and decreased intergovernmental revenues related to the expiration of the Fire SAFER grant.

At June 30, 2019, the General Fund fund balance was \$5,254,966 of which \$4,994,011 is committed for economic uncertainty or unassigned. The total fund balance decreased by \$(395,374) during the year. As a measure of the General Fund's ability to meet operating expenditures, it is useful to note that committed and unassigned fund balance represents approximately 39.8% of total General Fund expenditures.

The following table presents the amount of revenue from various sources within the General fund:

Enterprise Funds

The City has two Enterprise funds - the Airport fund and the Sewer fund. The City's Enterprise funds generally account for services charged to external or internal customers through fees.

The following table presents the amount of revenue from various sources:

Table 7
Revenues by Source
Proprietary Funds
For the Years Ended June 30, 2019 and 2018
(in thousands)

	2019		2018		Variance	% Change
	Amount	% of Total	Amount	% of Total		
Operating revenues:						
Charges for services	\$ 7,391,147	68.5 %	\$ 7,359,071	96.9 %	\$ 32,076	0.4 %
Other operating revenues	12,623	0.1 %	73,733	1.0 %	(61,110)	(82.9)%
Non-operating revenues:						
Taxes	91,565	0.8 %	51,249	0.7 %	40,316	78.7 %
Intergovernmental	3,228,018	29.8 %	40,000	0.5 %	3,188,018	7,970.0 %
Interest	91,790	0.8 %	69,943	0.9 %	21,847	31.2 %
	<u>\$ 10,815,143</u>	<u>100.0 %</u>	<u>\$ 7,593,996</u>	<u>100.0 %</u>	<u>\$ 3,221,147</u>	<u>42.4 %</u>

Total revenues for business-type activities increased \$3,221,147 during the year. This increase is primarily due to higher fee collections due to a sewer rate increase and a one-time receipt of grant funding (forgiven loan proceeds) related to the Sewer Fund Oxidation Ditch project.

CITY OF AUBURN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

The following table presents the amount of expenses for the City's proprietary funds:

	2019		2018		Variance	% Change
	Amount	% of Total	Amount	% of Total		
Operating expenses:						
Salaries and benefits	\$ 896,122	14.7 %	\$ 1,008,845	14.9 %	\$ (112,723)	(11.2)%
Services and supplies	2,615,814	42.7 %	2,837,061	41.7 %	(221,247)	(7.8)%
Maintenance	383,653	6.3 %	727,423	10.7 %	(343,770)	(47.3)%
Depreciation	1,827,014	29.9 %	1,610,816	23.7 %	216,198	13.4 %
Non-operating expenses						
Interest and amortization	361,521	5.9 %	281,211	4.1 %	80,310	28.6 %
Transfers	<u>30,424</u>	<u>0.5 %</u>	<u>330,000</u>	<u>4.9 %</u>	<u>(299,576)</u>	<u>(90.8)%</u>
	<u>\$ 6,114,548</u>	<u>100.0 %</u>	<u>\$ 6,795,356</u>	<u>100.0 %</u>	<u>\$ (680,808)</u>	<u>(10.0)%</u>

The \$(680,808) net decrease in proprietary fund expenses during the fiscal year can be primarily attributed to the following:

- A \$(112,723) decrease in salaries and benefits.
- A \$(221,247) decrease in services and supplies related to increased sewer system and airport operating costs.
- A \$(343,770) decrease in maintenance expenses related to higher sewer capital and maintenance costs.
- A one-time decrease in transfers out to other funds related to the sewer line work for the Nevada Street Sidewalk project.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Detailed information regarding composition and activity in capital assets is provided in Note 3 to the financial statements. The City's investment in capital assets as of June 30, 2019 totaled \$58,712,591 (net of accumulated depreciation). The investment in capital assets includes land and land improvements, buildings, furniture and fixtures, machinery and equipment, vehicles, streets, highways, drainage systems, and construction in progress.

Table 9

Debt Administration

The City's total long-term debt for governmental activities decreased by \$556,232 primarily due to principal and interest payments made for pension obligation bonds and capital leases.

The City's total debt for its business-type activities decreased \$458,951 primarily due to making principal and interest payments on outstanding loans and revenue bonds for debt service related to the City's Waste Water Treatment Facility Upgrade.

Detailed information regarding composition and activity in long-term debt is provided in Note 5 to the financial statements.

CITY OF AUBURN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019

GENERAL FUND BUDGETARY HIGHLIGHTS

The City's budget is customarily presented to and adopted by the City Council prior to the beginning of the fiscal year that begins July 1 and ends on June 30. The City Council approved the budget in June 2018. Subsequent to the adoption of the annual budget, the budget was reviewed in February 2019 and necessary budget adjustments were approved by the City Council.

For the General Fund, the original FY 2018-19 budget was approved on June 25, 2018, and estimated approximately \$12 million in revenue and sources and allocated \$11.9 million in appropriations. In February 2019, the General Fund budget was updated, adjusting anticipated revenues in the General Fund to \$12.4 million while appropriations were updated to \$12.9 million with an implied use of \$453,000 in General Fund Balance primarily due to the carryover of prior year transfers out not completed. Ultimately, at the close of the fiscal year, revenues were \$13.1 million and appropriations were \$13.5 million, leading to a use of \$395,000 in available fund balance. It should be noted that this use in fund balance is primarily due to the transfer of \$1 million into the Transportation fund towards the Street Overlay Program - double what it otherwise would have been as a result of funds not being transferred in the previous year.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The budget developed for FY 2019-20 was adopted by the City Council on June 24, 2019. The General Fund budget approved by the City Council anticipates \$12.4 million in revenues and \$12.4 million in expenditures, essentially a balanced budget. The City will continue to closely monitor economic activity along with actions taken by regional and state governments that may impact the City budget.

Modest growth rates for tax-related revenues are forecasted, while development-related revenues are anticipated to decrease slightly. The FY 2019-20 General Fund budget also anticipates increasing expenditures for employee salaries, medical benefits and pension costs; and continuing the appropriation of \$500,000 towards the City's Street Overlay Program.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances, and to show the City's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

City of Auburn
Department of Administrative Services
1225 Lincoln Way, Room 1
Auburn, CA 95603
(530) 823-4211, ext. 110

CITY OF AUBURN
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2019

Total fund balances reported on the governmental funds balance sheet	\$ 8,156,366
Amounts reported for governmental activities in the statement of net position are different from those reported in the Governmental Funds above because of the following:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds, net of accumulated depreciation of \$18,767,717	18,895,880
Revenues which are deferred on the Fund Balance Sheet because they are not available currently are taken into revenue in the Statement of Activities	264,092
Certain notes, loans, and interest receivables are not available to pay for current period expenditures and therefore are offset by deferred inflows of resources in the governmental funds	2,224,764
Deferred outflows related to changes in the net OPEB liability are not reported in the governmental funds	66,713
Deferred outflows related to changes in the net pension liability are not reported in the governmental funds	4,169,453
Long term liabilities are not due and payable in the current period and therefore are not reported in the funds:	
Pension obligation bonds	(2,840,000)
Capital lease obligations payable	(127,698)
Compensated absences	(1,152,844)
Net OPEB liability	(1,634,829)
Net pension liability	(16,001,145)
Deferred inflows related to changes in the net OPEB liability	(161,604)
Deferred inflows related to changes in the net pension liability	<u>(995,590)</u>
Net position of governmental activities	<u>\$ 10,863,558</u>

CITY OF AUBURN
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL FUNDS
FOR THE YEAR ENDED JUNE 30, 2019

Reconciliation of the change in fund balances - total governmental funds to the change in net position of governmental activities:

Net change in fund balances - total governmental funds	\$ 455,000
Governmental funds report capital outlays as expenditures while governmental activities report depreciation as expense to allocate those expenditures over the life of the assets:	
Capital asset purchases capitalized	774,675
Depreciation expense	(1,716,494)
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position:	
Pension obligation bond principal payments	320,000
Capital lease obligation principal payments	66,307
Receipts of payments and disbursements of funds related to notes and loans receivable are reported as revenues and expenditures, respectively, in governmental funds, but an increase and decrease, respectively, in notes receivable in the Statement of Net Position:	
Loan program receipts	(21,212)
Loan interest	28,590
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:	
Change in accrued compensated absences	169,925
Change in net OPEB liability	(76,972)
Change in net pension liability	92,789
OPEB expense related to deferred outflows and inflows of resources	(23,272)
Pension expense related to deferred outflows and inflows of resources	(1,041,509)
Some revenues reported in the Statement of Activities will not be collected for several months after the City's year-end and do not provide current financial resources and therefore are not reported as revenues in the governmental funds (\$264,092). Some revenues reported in the prior year Statement of Activities were recognized in the governmental funds in the current year (\$461,824).	(197,732)
Change in net position of governmental activities	\$ <u>(1,169,905)</u>

See accompanying notes to the basic financial statements.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Auburn (the "City") was incorporated in 1888. The City operates under the Council-Manager form of government and provides the following services: public safety (police and fire), highways and streets, health and social services, culture-recreation, public improvements, planning and zoning, and general administration services.

The accounting policies of the City of Auburn conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant policies:

A. The Reporting Entity

Generally accepted accounting principles require government financial statements to include the primary government and its component units. Component units of a governmental entity are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the combined financial statements to be misleading. The primary government is considered to be financially accountable if it appoints a majority of an organization's governing body and is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the primary government.

Reporting for component units on the City's financial statements can be blended or discretely presented. Blended component units are, although legally separate entities, in substance part of the City's operations and, therefore, data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, would be reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the government.

For financial reporting purposes, the City's basic financial statements include all financial activities that are controlled by or are dependent upon actions taken by the City Council. The City's component unit is as follows:

Blended Component Unit

City of Auburn Public Financing Authority - The Authority was formed September 8, 2008 by the execution of a Joint Powers Authority Agreement between the City of Auburn and the former Auburn Urban Development Authority. The Authority is authorized to assist the City in future financing, including to borrow money for the purpose of financing the acquisition of bonds, notes, and other obligations of, or for the purpose of making loans to, the City, and/or refinance outstanding obligations of the City. As all debt issued by the Auburn Public Financing Authority has previously been paid off or refunded, there was no activity in the current year. Separate financial statements for the City of Auburn Public Financing Authority are not issued.

Discretely Presented Component Units

There are no component units of the City which meet the criteria for discrete presentation.

Joint Agencies

The City participates in the following agencies that are not considered component units:

The City is a participant in Northern California Cities Self-Insurance Fund (NCCSIF), the purpose of which is for member cities to share in the administrative costs of providing liability and workers' compensation insurance. The NCCSIF is governed by a board of directors appointed by the member cities. Complete financial information can be obtained from the Program Administrator, 600 Montgomery Street, 9th Floor, San Francisco, CA 94111.

The City is a participant in California Joint Powers Risk Management Authority (CJPRMA), the purpose of which is to provide excess coverage for its members. The CJPRMA is governed by a board of directors representing its member cities. Complete financial information can be obtained from the claims administrator at 3201 Doolan Road, Suite 285, Livermore, CA 94551.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The City is a participant in California Transit Insurance Pool (CTIP), the purpose of which is to provide liability coverage for its members. The CTIP is composed of nearly 40 member agencies and is governed by a board of directors representing its member agencies. Complete financial information can be obtained from the Program Administrator, CalTIP, 1750 Creekside Oaks Drive, Suite 200, Sacramento, CA 95833.

B. Basis of Presentation

The City's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America. These statements require that the financial statements described below be presented.

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include the activities of the overall City government except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Interfund services provided and used are eliminated in the process of consolidation. The City's net position is reported in three parts - net investment in capital assets; restricted net position; and unrestricted net position. The City first utilizes restricted resources to finance qualifying activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in part by fees charged to external parties for goods or services.

The Statement of Activities presents a comparison between direct expenses and program revenues for each different identifiable activity of the City's business-type activities and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods and services offered by the program, (b) grants and contributions that are restricted to meeting operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements:

The fund financial statements provide information about the City's funds, including fiduciary funds and blended component units. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories with each major fund displayed in a separate column. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All remaining governmental funds are aggregated and reported as nonmajor funds in a single column, regardless of their fund type.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund - The General Fund is the general operating fund of the City and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Debt Service Funds - Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Capital Project Funds - Capital Project Funds are used to account for financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Proprietary Funds

Enterprise Funds - Enterprise Funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector.

Fiduciary Funds (not included in government-wide statements)

Agency Funds - Agency Funds are clearing type funds for the collection of taxes or deposits held in trust, on behalf of individuals, private organizations and other governments. The funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Private-Purpose Trust Funds - Private-Purpose Trust Funds are used to report all other trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Major Funds

The City reports the following major governmental funds in the accompanying financial statements:

General Fund - This is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in a separate fund.

Transportation Fund - The Transportation fund is used to account for monies received through the Transportation Development Act (TDA) Tax and Surface Transportation Program (STP) funding.

HOME Housing Rehabilitation & First Time Homebuyer Fund - The HOME Housing Rehabilitation and First Time Homebuyer (Community Development Block Grant) fund is used to account for monies received from the State and Federal governments and loaned by the City to individuals buying a home for the first time and/or engaging in applicable home rehabilitation activities. Funds, when repaid, are provided to new individuals qualifying for loans.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The City reports the following major proprietary funds in the accompanying financial statements:

Airport Fund - The Airport fund is an enterprise fund established to account for the operation and maintenance of the City's general aviation airport serving recreation, commuter, limited air cargo, and public safety needs.

Sewer Fund - The Sewer fund is an enterprise fund established to account for the building, operating, and maintaining of the City's sewer treatment plant and collection system.

C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and proprietary activities are presented using the economic resources measurement focus as defined in item "b" below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All governmental funds are accounted for using a "current financial resources" measurement focus. With this measurement focus, only current assets and deferred outflows of resources, and current liabilities and deferred inflows of resources generally are included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and deferred outflows of resources, and all liabilities and deferred inflows of resources (whether current or noncurrent) associated with the operation of these funds are reported. Proprietary fund equity is classified as net position.
- c. As agency funds report only assets and liabilities, they do not have a measurement focus. However, they use the accrual basis of accounting to recognize receivables and payables. The "economic resources" measurement focus and the accrual basis of accounting is used for trust funds.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and proprietary activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset is used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City defines available to be within 60 days of year-end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due. Governmental capital asset acquisitions are reported as expenditures in governmental funds. Proceeds for governmental long-term liabilities and acquisitions under capital leases are reported as other financing sources.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Those revenues susceptible to accrual include taxes, intergovernmental revenues, interest and charges for services. Certain indirect costs are included in program expenses reported for individual functions and activities.

Grant revenues are recognized in the fiscal year in which all eligibility requirements are met. Under the terms of grant agreements, the City may fund certain programs with a combination of cost-reimbursement grants, categorical block grants, and general revenues. Thus, both restricted and unrestricted net position are available to finance program expenditures. The City's policy is to first apply restricted grant resources to such programs, followed by general revenues if necessary.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset is used. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal operations. The principal operating revenues of the enterprise funds are charges for services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Non-Current Governmental Assets/Liabilities

Non-current governmental assets and liabilities, such as capital assets and long-term liabilities, are reported in the governmental activities column in the government-wide statement of net position.

E. Cash and Investments

For purposes of the accompanying Statement of Cash Flows, the City considers all highly liquid investments with a maturity of three months or less when purchased including cash with fiscal agent, and their equity in the City's investment pool, to be cash equivalents.

Investment transactions are recorded on the trade date. The fair value of investments is determined annually. Investments in nonparticipating interest-earning investment contracts are reported at cost; short term investments are reported at amortized cost; investments in Local Agency Investment Fund, an external pool, are reported at amortized cost which approximates fair value; and the fair value of all other investments are obtained by using quotations obtained from independent published sources or by the safekeeping institution. The fair value represents the amount the City could reasonably expect to receive for an investment in a current sale between a willing buyer and seller.

Income from pooled investments is allocated to the individual funds based on the fund or participant's average daily cash balance at quarter end in relation to the total pool investments. Income from non-pooled investments is recorded based on the specific investments held by the fund.

F. Restricted Cash and Investments

Restricted assets in the governmental funds represent cash and investments held in the General fund for security deposits of \$92,368. Restricted assets in the proprietary funds represent cash and investments held in the Airport fund for tenant deposits of \$23,550.

G. Accounts and Interest Receivable

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Receivables are recorded in the financial statements net of any allowance for doubtful accounts. Management believes its receivables are fully collectible and, accordingly, no allowance for doubtful accounts is required.

Major receivable balances for the governmental activities include accounts, interest, taxes, and intergovernmental. Business-type activities receivables consist mainly of user fees and intergovernmental revenues.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In the fund financial statements, material receivables in governmental funds include revenue accruals such as sales tax, franchise tax, and grants and other similar intergovernmental revenues since they are usually both measurable and available. Nonexchange transactions collectible but not available are deferred in the fund financial statements in accordance with modified accrual, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned only if paid within 60 days since they would be considered both measurable and available. Proprietary fund material receivables consist of all revenues earned at year-end and not yet received. Utility accounts receivable and interest earnings compose the majority of proprietary fund receivables.

H. Other Assets

Inventory

Governmental fund inventories are recorded as expenditures at the time inventory is purchased rather than when consumed. Records are not maintained of inventory and supplies on hand, although these amounts are not considered material.

Prepaid Items

Payments made for services that will benefit periods beyond June 30, 2019, are recorded as prepaid costs under both the accrual and modified accrual basis of accounting. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

I. Loans Receivable

For the purpose of the governmental fund financial statements, special revenue fund expenditures relating to long-term loans receivable arising from mortgage subsidy programs are charged to operations upon funding and the loans receivable are recorded. The balance of the long-term receivable includes loans that may be forgiven if certain terms and conditions of the loans are met. The City reported \$2,224,764 in loans receivable as of June 30, 2019.

J. Capital Assets

Capital assets, including public domain (infrastructure assets such as roads, bridges, water/sewer, lighting system, drainage systems, and flood control) are defined by the City as assets with a cost greater than \$5,000 and a useful life of more than one year. Capital assets are recorded at historical cost or estimated historical cost if actual historical cost is unavailable. Contributed capital assets are recorded at their acquisition value at the date of donation.

Capital assets used in operations are depreciated or amortized using the straight-line method over the assets estimated useful life in the government-wide financial statements. The range of estimated useful lives by type of asset is as follows:

<u>Depreciable Asset</u>	<u>Estimated Lives</u>
Infrastructure	40 years
Buildings and improvements	40 years
Land improvements	40 years
Equipment	5-10 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Property Taxes

Placer County assesses properties, bills, collects, and distributes property taxes to the City. The County remits the entire amount levied and handles all delinquencies, retaining interest and penalties.

Property taxes are levied on a fiscal year (July 1 - June 30). The secured property tax assessments are due on November 1 and February 1 and become delinquent after December 10 and April 10, respectively. The unsecured property tax assessments are due on August 1 and become delinquent after August 31. Property taxes become a lien on the property effective January 1 of the preceding year.

The City recognizes property taxes when the individual installments are due provided they are collected within 60 days after year-end.

L. Interfund Transactions

Interfund transactions are reflected as either loans, services provided or used, reimbursements or transfers.

Loans reported as receivables and payables are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans) as appropriate and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance account in applicable governmental funds to indicate that they are not in spendable form.

Services provided or used, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. These services provide information on the net cost of each government function and therefore are not eliminated in the process of preparing the government-wide statement of activities.

Reimbursements occur when the funds responsible for particular expenditures or expenses repay the funds that initially paid for them. Such reimbursements are reflected as expenditures or expenses in the reimbursing fund and reductions to expenditures or expenses in the reimbursed fund.

All other interfund transactions are treated as transfers. Transfers between funds are netted as part of the reconciliation to the government-wide presentation.

M. Unearned Revenue

Under the accrual and modified accrual basis of accounting, revenue may be recognized only when it is earned. When assets are recognized in connection with a transaction before the earnings process is complete, those assets are offset by a corresponding liability for unearned revenue.

N. Compensated Absences

Employees accrue vacation, sick, and compensatory time off benefits. An employee may accumulate vacation time equal to the amount that can be earned in a two-year period. Vacation pay is paid upon separation of service or retirement. Sick leave benefits may be applied to earlier retirement. Upon termination, sick leave benefits in excess of a specified maximum are paid.

All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. In governmental funds, the cost of vacation and sick leave benefits is recognized when payments are made to employees.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

P. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2019
Measurement Period	July 1, 2018 - June 30, 2019

Q. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. One item, deferred amount on bond refunding, is reported in the business-type funds. This item is deferred and recognized over the life of the new bond. See note 6 for further information on the advance refunding. The other item relates to the outflows from changes in the net pension liability and is reported on the statement of net position.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The government has two types of items which qualify for reporting in this category. One item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues for receivables that have not been received within the modified accrual period. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The other item relates to the inflows from changes in the net pension liability and is reported on the statement of net position.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

R. Equity Classifications

Government-wide Statements

Net position is the excess of all the City's assets and deferred outflows of resources over all its liabilities and deferred inflows of resources, regardless of fund. Net position is divided into three categories. These categories apply only to net position, which is determined at the Government-wide level, and are described below:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

Fund Statements

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- a. Nonspendable - Amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.
- b. Restricted - Amounts that are restricted for specific purposes when constraints placed on the use of resources are either (1) externally imposed by creditors, grantors, contributors, laws, or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.
- c. Committed - Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (resolution) of the government's highest level of decision-making authority.
- d. Assigned - Amounts that are constrained by the City Council's intent to be used for specific purposes through a resolution, but are neither restricted or committed. The City Council assigns fund balances for specific purposes by resolution adopting the annual budget for the upcoming fiscal year, or by an amending budget resolution during the fiscal year.
- e. Unassigned - Amounts representing the residual classification for the general fund or any other fund with a negative fund balance.

Further detail about the City's fund balance classification is described in Note 12.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. General Budget Policies

The City operates under the general laws of the State of California and annually adopts a budget for its governmental and proprietary funds to be effective July 1 for the ensuing fiscal year. From the effective date of the budget, which is adopted and controlled at the department level, the amounts stated therein as proposed expenditures become appropriations to the various City departments. The City Council may amend the budget by resolution during the fiscal year. The City Manager may authorize transfers from one account to another within the same department. Debt service on bond issues constitutes a legally authorized "non-appropriated budget." Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Encumbrances are considered to be expenditures in the year the commitment is entered into. Budget appropriations lapse at the end of the fiscal year unless encumbered by specific Council approval.

T. Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

U. Reclassifications

Certain accounts in prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

V. Implementation of Government Accounting Standards Board Statements

Effective July 1, 2018, the City implemented the following accounting and financial reporting standards:

Governmental Accounting Standards Board Statement No. 83

In November 2016, GASB issued Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. There was no impact to the City's June 30, 2019 financial statements as a result of adopting this accounting standard.

Governmental Accounting Standards Board Statement No. 88

In March 2018, GASB issued Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*. The objective of this statement is to clarify which liabilities governments should include in their note disclosures related to debt. GASB is requiring direct borrowings and direct placements to be presented separately because they may expose a government to risks that are different from, or in addition to, risks related to other types of debt. The new standard also requires the disclosure of additional essential debt-related information for all types of debt, including amounts of unused lines of credit and assets pledged as collateral for debt. Also required to be disclosed are terms specified in debt agreements related to: (1) significant events of default with finance-related consequences, (2) significant termination events with finance-related consequences, (3) significant subjective acceleration clauses. There was no impact to the City's June 30, 2019 financial statements as a result of adopting this accounting standard.

W. Future Governmental Accounting Standards Board Statements

These statements are not effective until July 1, 2019 or later. The City has not determined the effects on the financial statements.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Accounting Standards Board Statement No. 84

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. Additionally, this Statement describes four fiduciary funds that should be reported, as well as provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. The City has not determined what impact, if any, this pronouncement will have on the financial statements. Application of this Statement is effective for the City's fiscal year ending June 30, 2020.

Governmental Accounting Standards Board Statement No. 87

In June 2017, GASB issued Statement No. 87, *Leases*. This Statement (1) increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract; and (2) establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Additionally, under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The City has not determined what impact, if any, this pronouncement will have on the financial statements. Application of this statement is effective for the City's fiscal year ending June 30, 2021.

Governmental Accounting Standards Board Statement No. 89

In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This statement requires interest costs incurred before the end of a construction period to be recorded as an expenditure in the applicable period. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The City has not determined what impact, if any, this pronouncement will have on the financial statements. Application of this statement is effective for the City's fiscal year ending June 30, 2021.

Governmental Accounting Standards Board Statement No. 90

In August 2018, GASB issued Statement No. 90, *Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61*. The purpose of this statement is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The new standard clarifies the differences between a majority equity interest reported as an investment and majority equity interest reported as a component unit of the governmental entity. The City has not determined what impact, if any, this pronouncement will have on the financial statements. Application of this statement is effective for the City's fiscal year ending June 30, 2020.

Government Accounting Standards Board Statement No. 91

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related not disclosures. The Statement clarifies the existing definition of a conduit debt obligation; establishes that a conduit debt obligation is not a liability of the issuer; establishes standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improves required note disclosures. The City has not determined what impact, if any, this pronouncement will have on the financial statements. Application of this statement is effective for the City's fiscal year ending June 30, 2022.

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

Authorized Investments of the City

The table below identifies the investment types that are authorized by the City's investment policy. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in one Issuer
U.S. Treasury obligations	5 years	None	None
U.S. Agency securities	5 years	None	None
U.S. Instrumentalities	5 years	30%	None
State obligations: CA and others	5 years	None	None
CA Local agency bonds	5 years	None	None
Banker's acceptances	180 days	40%	None
Commercial paper	270 days	25%	10%
Negotiable certificates of deposit	5 years	30%	None
Time deposits	2 years	5%	None
Medium term notes	5 years	30%	N/A
Money market funds	N/A	20%	N/A
Mutual funds	N/A	10%	N/A
Mortgage pass-through and asset backed securities	5 years	20%	None
Local government investment pools	N/A	None	None
Placer County Investment Pool	N/A	25%	None
Local Agency Investment Fund (LAIF)	N/A	None	None

Investment Valuation

Investments are measured at fair value on a recurring basis. Recurring fair value measurements are those that Governmental Accounting Standards Board (GASB) Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments' fair value measurements are as follows at June 30, 2019:

Investments	Fair Value Measurements Using			Fair Value
	Level 1 Inputs	Level 2 inputs	Level 3 inputs	
Money market mutual funds	\$ 14,791	\$ -	\$ -	\$ 14,791
Corporate notes	2,150	-	-	2,150
Total investments reported under fair value hierarchy	16,941	-	-	16,941
Placer County Investment Pool	-	-	-	4,263,826
Local Agency Investment Fund (LAIF)	-	-	-	4,556,771
Total investments	\$ 16,941	\$ -	\$ -	\$ 8,837,538

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

Investment in State and County Investment Pools

The City is a voluntary participant in the Placer County Pooled Investment Fund that is governed by the County of Placer which monitors and reviews the management of public funds maintained in the investment pool in accordance with the County investment policy and the California Government Code. The Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the Board of Supervisors every month. The report covers the type of investments in the pool, maturity dates, par value, actual cost and fair value. Investments in the Placer County Pooled Investment Fund are regarded as highly liquid as deposits and withdrawals can be made at any time without penalty. The Pool does not impose a maximum investment limit. Required disclosure information regarding categorization of investments and other deposit and investment risk disclosures can be found in the County's financial statements. The County of Placer's financial statements may be obtained by contacting the County of Placer Auditor-Controller's office at 2970 Richardson Drive, Auburn, CA 95603. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's prorata share of the fair value provided by the pool for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County, which is recorded on an amortized cost basis. The investment of \$4,263,826 is not subject to valuation on a recurring basis.

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's prorata share of the fair value provided by LAIF for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which is recorded on an amortized cost basis. The investment of \$4,556,771 is not subject to valuation on a recurring basis.

Disclosure Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. To limit exposure to fair value losses resulting from increases in interest rates, the City's investment policy limits investment maturities to a term appropriate to the need for funds so as to permit the City to meet all projected obligations. Any investments that mature more than five years from the date of purchase cannot occur without prior approval of the City Council.

Information about the sensitivity of the fair values of the City's investments to market rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity as of June 30, 2019:

	Interest Rate	Remaining Maturity			Fair Value	Weighted Average Maturity (years)	
		< 12 months	1-5 years	> 5 years			
Money market mutual funds	Variable	\$ 14,791	\$ -	\$ -	\$ 14,791	N/A	
Corporate notes	6.63 %	2,150	-	-	2,150	(7.45)	(1)
Placer County Investment Pool	Variable	4,263,826	-	-	4,263,826	N/A	
Local Agency Investment Fund (LAIF)	Variable	4,556,771	-	-	4,556,771	N/A	
		<u>\$ 8,837,538</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,837,538</u>		

(1) Investment in Lehman Brothers corporate notes. Corporation filed for bankruptcy in 2008 and rating was withdrawn. Notes matured January 18, 2012 and are held in escrow.

Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

The City had no investments that were highly sensitive to interest rate fluctuations as of June 30, 2019.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the investment policy, or debt agreements, and the actual rating as of the fiscal year for each investment type.

	Total	Minimum Legal Rating	Rating as of Fiscal Year End		
			S&P	Moody's	N/A
Money market mutual funds	\$ 14,791	Not rated			Not rated
Corporate notes	2,150	A	WR (1)	WR (1)	
Placer County Investment Pool	4,263,826	Not rated			Not rated
Local Agency Investment Fund (LAIF)	<u>4,556,771</u>	Not rated			Not rated
	<u>\$ 8,837,538</u>				

(1) Investment in Lehman Brothers corporate notes. Corporation filed for bankruptcy in 2008 and rating was withdrawn. Notes matured January 18, 2012 and are held in escrow.

Concentration of Credit Risk

The investment policy of the City limits the amount that can be invested in any one issuer to the lesser of the amount stipulated by the California Government Code or the limits noted above, with the exception of U.S. Treasury obligations, U.S. Agency securities, and LAIF. As of June 30, 2019, the City's investments were all within the policy limitation.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the government unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City's deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

Allocation of Interest Income Among Funds

Interest income from pooled investments is allocated to those funds which are required by law or administrative action to receive interest. Interest is allocated monthly based on the ending cash balances of the previous month in each fund receiving interest.

NOTE 5: LONG-TERM LIABILITIES

Governmental Activities

The following is a summary of long-term liabilities transactions related to governmental activities of the City for the year ended June 30, 2019:

<u>Governmental Activities:</u>	<u>Balance July 1, 2018</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance June 30, 2019</u>	<u>Current Portion</u>
Pension obligation bonds	\$ 3,160,000	\$ -	\$ (320,000)	\$ 2,840,000	\$ 360,000
Capital lease obligations	194,005	-	(66,307)	127,698	70,272
Other liabilities:					
Compensated absences	1,322,769	561,130	(731,055)	1,152,844	428,168
Total Governmental Activities	\$ 4,676,774	\$ 561,130	\$ (1,117,362)	\$ 4,120,542	\$ 858,440

See Note 7 for a description of capital lease obligations.

A description of the long-term liabilities related to governmental activities at June 30, 2019 follows:

A. Pension Obligation Bonds

Taxable Pension Obligation Bonds 2006 Series A-1, issued June 15, 2006, in the amount of \$4,965,000 and payable in annual installments of \$65,000 to \$340,000, with an interest rate of 5.69% to 5.93% and maturity on June 1, 2028. The bonds were used to pay the side fund portion of the unfunded accrued actuarial liability to the California Public Employees' Retirement System.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 5: LONG-TERM LIABILITIES (CONTINUED)

B. Capital Lease Obligations

Capital lease obligations are generally liquidated by lease payments made by the departments leasing the equipment.

C. Compensated Absences

Compensated absences are generally liquidated by the fund where the accrued liability occurred which is primarily the General fund.

Following is a schedule of debt payment requirements of governmental activities to maturity for long-term debt, excluding compensated absences that have indefinite maturities and capital leases which are reported in Note 7.

Pension Obligation Bonds		
For the Year Ending June 30,	Principal	Interest
2020	\$ 360,000	\$ 168,184
2021	400,000	146,944
2022	440,000	123,344
2023	210,000	97,252
2024	230,000	84,799
2025 - 2028	<u>1,200,000</u>	<u>186,795</u>
Total	<u>\$ 2,840,000</u>	<u>\$ 807,318</u>

Business- Type Activities

The following is a summary of long-term liabilities transactions related to business-type activities of the City for the year ended June 30, 2019.

Business-type Activities	Balance July 1, 2018	Additions	Reductions	Balance June 30, 2019	Current Portion

NOTE 5: LONG-TERM LIABILITIES (CONTINUED)

A description of the long-term liabilities related to business-type activities at June 30, 2019 is as follows:

D. Loans

State Department of Water Resources loan, issued February 23, 1998 in the amount of \$2,173,820 and payable in annual installments of \$108,691, with an interest rate of 0.0% and maturity on January 13, 2019. Loan proceeds were used to finance construction of the wastewater treatment plant improvement project phase 1A.

State Department of Water Resources loan, issued April 21, 1999 in the amount of \$2,892,368 and payable in annual installments of \$173,543, with an interest rate of 0.0% and maturity on March 1, 2021. Loan proceeds were used to finance construction of the wastewater treatment plant improvement project phase 1B.

State Water Resources Control Board loan, issued May 19, 2016 in the amount of \$9,213,698 and payable in annual installments of \$393,107, with an interest rate of 1.7% and maturity on September 13, 2048. Loan proceeds were used to finance construction of the 2016 WWTP secondary treatment improvements project.

E. 2016 Sewer Revenue Bonds

Wastewater Revenue Refunding Bonds Series 2016, issued September 1, 2016 in the amount of \$7,005,000 and payable in annual installments of \$280,000 to \$410,000, with an interest rate of 2.00% to 4.00% and maturity on June 1, 2039. The bonds were used to refund the Wastewater Revenue Bonds Series 2009.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 6: PRIOR ADVANCE REFUNDING

The City advance refunded \$7,214,544 of outstanding Wastewater Revenue Bonds Series 2009 by depositing the net proceeds from the issuance of the 2016 Wastewater Revenue Refunding Bonds in an irrevocable trust with an escrow agent to provide funds for the future debt service payment on the refunded bonds. As a result, the Wastewater Revenue Bonds Series 2009 are considered defeased and the trust account assets and the liability for the defeased bonds are not included in the City's financial statements.

The reacquisition price exceeded the net carrying amount of the old debt by \$1,038,907. This amount is reported as a deferred outflow of resources and is being amortized over the life of the new debt. Amortization expense for the year ended June 30, 2019 totaled \$45,170. At June 30, 2019, \$903,397 was reported as deferred amount on bond refunding.

NOTE 7: CAPITAL LEASES

The City has entered into certain capital lease agreements under which the related equipment will become the property of the City when all terms of the lease agreements are met.

	<u>Stated Interest Rate</u>	<u>Present Value of Remaining Payments</u>
Governmental activities	1.74 - 9.83%	\$ 127,698

Equipment and related accumulated depreciation acquired under capital leases is as follows:

	<u>Governmental Activities</u>
Cost of equipment	\$ 395,555
Less: accumulated depreciation	<u>(199,980)</u>
Net value	<u>\$ 195,575</u>

As of June 30, 2019, capital lease annual amortization was as follows:

<u>Year Ended June 30,</u>	<u>Governmental Activities</u>
2020	\$ 70,272
2021	53,287
2022	<u>11,906</u>
Total requirements	135,465
Less interest	<u>(7,767)</u>
Present value of remaining payments	<u>\$ 127,698</u>

Total rental income from leases	\$ <u>4,681,534</u>	\$ <u>14,774,924</u>

NOTE 9: PENSION PLAN

A. General Information about the Pension Plan

Plan Description

All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (the Plan), administered by the California Public Employees' Retirement System (CalPERS). The Plan's benefit provisions are established by statute. The Plan is included as a pension trust fund in the CalPERS Comprehensive Annual Financial Report, which is available online at www.calpers.ca.gov.

The Plan consists of a miscellaneous pool and a safety pool (referred to as "risk pools"), which are comprised of individual employer miscellaneous and safety rate plans, respectively, including those of the City of Auburn. The City of Auburn's employer rate plans in the miscellaneous risk pool include the Miscellaneous plan (Miscellaneous) and the PEPRA Miscellaneous plan (PEPRA Misc.). The City of Auburn's employer rate plans in the safety risk pool include the Safety Police First Tier plan (1st Tier Police), the Safety Police Second Tier plan (2nd Tier Police), the Safety Fire First Tier plan (1st Tier Fire), the Safety Fire Second Tier plan (2nd Tier Fire), the PEPRA Safety Fire plan (PEPRA Fire) and the PEPRA Safety Police plan (PEPRA Police).

Benefits Provided

The Plan provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Classic members and PEPRA Safety members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. PEPRA Miscellaneous members with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The death benefit is the Basic Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Benefit payments	Monthly for life	Monthly for life	Monthly for life
Retirement age	50	50	50
Monthly benefits, as of % of eligible compensation	3.0%	2.0% to 2.7%	2.0% to 2.7%
Required employee contribution rates	8.989%	8.936%	13.50%
Required employer contribution rates	23.670%	20.205%	14.213%

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the CalPERS actuary and shall be effective on the July 1 following notice of a change in the rate. Contribution rates for the employer rate plans are determined through the CalPERS' annual actuarial valuation process. Each employer rate plan's actuarially determined rate is based on the estimated amount necessary to pay the employer rate plan's allocated share of the cost of benefits earned by employees during the year, and any unfunded accrued liability. The City of Auburn is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The City of Auburn's contributions to the Plan for the year ended June 30, 2019 were \$1,621,698.

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2019, the City reported net pension liability for its proportionate share of the net pension liability of the Plan of \$17,423,632. \$16,001,145 of the liability is reported in governmental activities and \$1,422,487 of the liability is reported in business-type activities.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 9: PENSION PLAN (CONTINUED)

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2018, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for the Plan as of June 30, 2017 and 2018 was as follows:

	<u>Miscellaneous Risk Pool</u>	<u>Safety Risk Pool</u>
Proportion at measurement date – June 30, 2017	0.172784%	0.177012%
Proportion at measurement date – June 30, 2018	<u>0.178041%</u>	<u>0.182594%</u>
Change – increase (decrease)	<u><u>0.005257%</u></u>	<u><u>0.005582%</u></u>

For the year ended June 30, 2019, the City recognized pension expense of \$2,750,759. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 465,759	\$ 83,663
Changes in assumptions	1,761,716	313,908
Net differences between projected and actual earnings on plan investments	203,591	11,701
Adjustment due to differences in proportions	484,862	3,087
Difference between actual and required contributions	-	740,156
Contributions after the measurement date	<u>1,621,698</u>	<u>-</u>
Total	<u><u>\$ 4,537,626</u></u>	<u><u>\$ 1,152,515</u></u>

Amounts other than contributions subsequent to the measurement date reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

<u>Year Ended June 30,</u>	
2020	\$ 1,533,626
2021	862,685
2022	(504,811)
2023	<u>(128,087)</u>
Total	<u><u>\$ 1,763,413</u></u>

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 9: PENSION PLAN (CONTINUED)

Actuarial Assumptions

The total pension liabilities in the June 30, 2018 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2017
Measurement Date	June 30, 2018
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	Varies by Entry Age and Service
Investment Rate of Return	7.15% net of pension plan investment expenses; includes inflation
Mortality (1)	Derived using CalPERS membership data for all funds
Post Retirement Benefit Increase	Contract COLA up to 2.50% until purchasing power protection allowance floor on purchasing power applies, 2.50% thereafter

(1) The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvements using Society of Actuaries 90 percent Scale MP 2016. For more details on this table, please refer to the 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) available on CalPERS website.

Other significant actuarial assumptions used in the June 30, 2017 valuations were based on the results of the actuarial experience study for the fiscal years 1997 to 2015, including updates to salary increase, mortality and retirement rates.

Changes of Assumptions

In December 2017, the CalPERS Board adopted new mortality assumptions for plan participants participating in the PERF. The new mortality table was developed from the December 2017 experience study and includes 15 years of projected ongoing mortality improvement using 90 percent of scale MP 2016 published by the Society of Actuaries. The inflation assumption is reduced from 2.75 percent to 2.50 percent. The assumptions for individual salary increases and overall payroll growth are reduced from 3.00 percent to 2.75 percent.

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. To determine whether the municipal bond rate should be used in the calculation of the discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. The tests revealed the assets would not run out. Therefore, the current 7.15 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.15 percent is applied to all plans in the Public Employees' Retirement Fund (PERF). The cash flows used in the testing were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 9: PENSION PLAN (CONTINUED)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund (PERF) cash flows. Using historical returns of all the Public Employees Retirement Funds' asset classes (which includes the agent plan and two cost-sharing plans or PERF A, B, and C funds), expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each PERF fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1-10 ^(a)	Real Return Years 11+ ^(b)
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	(.92%)

(a) An expected inflation of 2.0% used for this period.

(b) An expected inflation of 2.92% used for this period.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability for the Plan as of the measurement date, calculated using the discount rate for the Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

	1% Decrease (6.15%)	Current Discount Rate (7.15%)	1% Increase (8.15%)
Net Pension Liability	\$ 26,703,394	\$ 17,423,632	\$ 9,797,476

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

NOTE 10: OTHER POST EMPLOYMENT BENEFITS (OPEB)

Description of the Plan

The City of Auburn Retiree Healthcare Plan (the "Plan") is a single-employer defined benefit healthcare plan administered by the City. The Plan provides healthcare insurance benefits to eligible retirees. Benefit provisions are established and may be amended by the City. The Retiree Healthcare Plan does not issue a publicly available financial report, nor does the Plan hold any plan assets.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 10: OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

The City provides retiree medical benefits through California Public Employees Retirement System healthcare program. The City contributes the Public Employees' Medical and Hospital Care Act (PEMHCA) minimum required employer contribution (\$136 per month in 2019 and indexed to the Medical CPI thereafter) towards the retiree monthly premium for eligible retirees participating in PEMHCA.

Employees Covered

As of the June 30, 2019 actuarial valuation, the following current and former employees were covered by the benefit terms under the Plan:

Active employees	66
Inactive employees currently receiving benefits	<u>22</u>
Total	<u><u>88</u></u>

Contributions

The Plan and its contribution requirements are established by Memoranda of Understanding with the applicable employee bargaining units and may be amended by agreements between the City and the bargaining units. Employees are not required to contribute to the plan. The City is not pre-funding the plan.

Net OPEB Liability

The City's net OPEB liability ("NOL") was measured as of June 30, 2019 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2019, based on the following actuarial methods and assumptions:

Discount Rate	3.50%
Inflation	2.75%
Salary Increases	2.75% per annum
Investment Rate of Return	3.80%
Mortality Rates:	
Police	2014 CalPERS Mortality for Active Safety Employees
Fire	2014 CalPERS Mortality for Active Safety Employees
Miscellaneous	2014 CalPERS Mortality for Active Miscellaneous Employees
Pre-Retirement Turnover Rates:	
Police	2009 CalPERS Rates for Sworn Police
Fire	2009 CalPERS Rates for Sworn Fire Employees

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 10: OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Discount Rate

The discount rate used to measure the total OPEB liability was 3.50% based on an assumption that contributions would be sufficient to fully fund the obligation over a period not to exceed 30 years.

Changes in the OPEB Liability

The changes in the net OPEB liability for the Plan are as follows:

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability/(Asset) (c) = (a) - (b)
Balance at June 30, 2018	\$ 1,638,555	\$ -	\$ 1,638,555
Service cost	87,372	-	87,372
Interest in TOL	63,343	-	63,343
Employer contributions	-	30,632	(30,632)
Assumption changes	79,593	-	79,593
Experience gains (losses)	(116,192)	-	(116,192)
Benefit payments	<u>(30,632)</u>	<u>(30,632)</u>	<u>-</u>
Net change during 2018-19	<u>83,484</u>	<u>-</u>	<u>83,484</u>
Balance at June 30, 2019	<u>\$ 1,722,039</u>	<u>\$ -</u>	<u>\$ 1,722,039</u>

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following represents the net OPEB liability of the City if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate, for measurement period ended June 30, 2019:

	1% Decrease (2.50%)	Current Discount Rate (3.50%)	1% Increase (4.50%)
Net OPEB Liability	\$ <u>2,032,323</u>	\$ <u>1,722,039</u>	\$ <u>1,475,345</u>

Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following represents the net OPEB liability of the City if it were calculated using health care cost trend rates that are one percentage-point lower or one percentage-point higher than the current rate, for measurement period ended June 30, 2019:

	1% Decrease (3.00%)	Current Healthcare Cost Trend Rate (4.00%)	1% Increase (5.00%)
Net OPEB Liability	\$ <u>1,485,358</u>	\$ <u>1,722,039</u>	\$ <u>2,002,137</u>

Recognition of Deferred Outflows and Deferred Inflows of Resources

Gains and losses related to changed in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. Amounts first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 10: OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

The recognition period differs depending on the source of the gain or loss:

All other amounts	Expected average remaining service lifetime (EARSL) (11 years at June 30, 2019)
-------------------	--

OPEB Expense

For the fiscal year ended June 30, 2019, the City recognized OPEB expense of \$139,357. As of the fiscal year ended June 30, 2019, the City reported deferred outflows and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Experience gains and losses	\$ -	\$ 105,629
Changes of assumptions	<u>72,357</u>	<u>69,062</u>
Total	<u>\$ 72,357</u>	<u>\$ 174,691</u>

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized as expense as follows:

Fiscal Year Ended June 30:	Deferred Outflow/(Inflows) of Resources
2020	\$ (11,358)
2021	(11,358)
2022	(11,358)
2023	(11,358)
2024	(40,265)
Thereafter	(16,637)

NOTE 11: NET POSITION

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- Net investment in capital assets - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted net position - consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net position - all other net position that does not meet the definition of "restricted" or "net investment in capital assets".

Net Position Restricted by Enabling Legislation

The government-wide statement of net position reports \$2,118,181 of restricted net position, of which \$1,386,202 is restricted by enabling legislation.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 11: NET POSITION (CONTINUED)

Net Position Flow Assumption

When a government funds outlays for a particular purpose from both restricted and unrestricted resources, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted net position are available. It is considered that restricted resources are used first, followed by the unrestricted resources.

NOTE 12: FUND BALANCE

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

Non-Spendable: Amounts that cannot be spent because they are either (a) not in spendable form (not expected to be converted to cash) or (b) legally or contractually required to be maintained intact. The City has classified prepaid items as nonspendable since these items are not expected to be converted to cash or are not expected to be converted to cash within the next year.

Restricted: Amounts subject to externally enforceable legal restrictions or constrained for a specific purpose by external parties, constitutional provision, or enabling legislation. This fund balance type is essentially the same definition as restricted net position under GASB Statement No. 34.

Committed: Amounts that can only be used for specific purposes pursuant to constraints imposed by the formal action (resolution) of the City Council. Committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (legislation, resolution, ordinance) it employed to previously commit those amounts. Action to constrain resources must occur prior to year-end; however, the amount can be determined in the subsequent period.

Assigned: Amounts that are not restricted by the funding agency but are for specific purposes and assigned by City Council for that purpose. City Council's action in creating the fund is to ensure that the funds are used for their intended purpose. That purpose is not always planned for the current fiscal year as it may take several years to build up a sufficient fund balance to be able to implement the stated purpose. This classification also represents all remaining amounts (except negative balances) reported in governmental funds, other than the general fund, that are not classified as non-spendable, restricted, or committed.

Unassigned: Residual amounts in the general fund, not classified as non-spendable, restricted, committed, or assigned. For other governmental fund types, unassigned is only used when a deficit or negative fund balance occurs.

When a government fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance), a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted fund balance are available, it is considered that restricted fund balance is depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Pursuant to City Council Resolution No. 15-25 adopted March 9, 2015, a formal fund balance policy established procedures for reporting fund balance classifications and established a hierarchy for fund balance expenditures. As part of this policy, the City maintains a General Fund commitment for contingencies in the amount of \$2,700,000 adopted with each budget. This committed component of fund balance can only be expended upon approval by the City Council and is intended to meet unforeseen contingencies such as emergencies, revenue shortfall, mandates or unanticipated inflation. It is not intended for routine capital projects or general operations. Upon expenditures from this fund balance, the City Council may approve additions to replenish the balance.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 12: FUND BALANCE (CONTINUED)

As of June 30, 2019, fund balances for all major and nonmajor governmental funds were comprised of the following:

	<u>General Fund</u>	<u>Transportation</u>	<u>HOME Housing Rehabilitation & First Time Homebuyer</u>	<u>Non-Major Governmental Funds</u>	<u>Total Governmental Funds</u>
Nonspendable					
Prepaid costs	\$ 260,955	\$ -	\$ -	\$ -	\$ 260,955
Total Nonspendable	<u>260,955</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>260,955</u>
Restricted for:					
Public safety - police protection	-	-	-	54,373	54,373
Street maintenance & construction	-	981,945	-	445,295	1,427,240
Fire protection services	-	-	-	288,197	288,197

Total Committed	<u>2,659,656</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>2,659,656</u>
Unassigned	<u>2,334,355</u>	<u>-</u>	<u>-</u>	<u>(210,262)</u>	<u>2,124,093</u>
Total Fund Balance	<u>\$ 5,254,966</u>	<u>\$ 981,945</u>	<u>\$ 6,762</u>	<u>\$ 1,912,693</u>	<u>\$ 8,156,366</u>

Fund Balance Deficits

As of June 30, 2019, the following funds had a fund balance deficit:

<u>Fund</u>	<u>Deficit</u>
Solid Waste Management	\$ 17,176
Auburn School Park Preserve	193,086

These deficits were a result of expenditures incurred in advance of receipt of revenue and will be eliminated through future revenues.

NOTE 13: RISK MANAGEMENT

The City manages risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters by participating in the public entity risk pools described below and by retaining certain risks.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13: RISK MANAGEMENT (CONTINUED)

Public entity risk pools are formally organized and separate entities established under the Joint Exercise of Powers Act of the State of California which exercise full powers and authorities within the scope of the related Joint Powers Agreements including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Each risk pool is governed by a board consisting of representatives from member municipalities. Each board controls the operations of the respective risk pool, including selection of management and approval of operating budgets, independent of any influence by member municipalities beyond their representation on that board. Obligations and liabilities of these risk pools are not the member's responsibility.

Risk Coverage

There is no claims liability to be reported based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

There were no significant reductions in insurance coverage from prior years and there have been no settlements exceeding the insurance coverage for each of the past three fiscal years.

The City is a member of Northern California Cities Self-Insurance Fund (NCCSIF), a joint powers agency which provides the City with a shared risk layer of coverage above the self-insured retention amount for liability and workers' compensation. The City pays an annual premium to NCCSIF for its insurance coverage.

General Liability Coverage: Annual deposits are paid by member cities and are adjusted retrospectively to cover costs. Each member city, including Auburn, self-insures for the first \$50,000 of each loss. Participating cities share in loss occurrences in excess of \$50,000 up to a maximum of \$500,000. Premiums accrue based on the ultimate cost of the experience of the group of Cities. Coverage in excess of \$500,000 is provided through the California Joint Powers Insurance Risk Management Authority, a joint powers authority organized to provide excess coverage for its members.

Workers' Compensation Coverage: Annual deposits are paid by member cities and are adjusted retrospectively to cover costs. The City self-insured for the first \$100,000 of each loss and has purchased excess coverage with limits of \$5,000,000 per occurrence.

NCCSIF is a joint powers agency organized in accordance with Article 1, Chapter 5, Division 7, Title 1 of the California Government Fund Programs. The purpose is to create a common pool of funds to be used to meet obligations of the parties to provide workers' compensation benefits for their employees and to provide excess liability insurance. The Authority provides claims processing administrative services, risk management services, and actuarial studies. It is governed by a member from each city. The City of Auburn council members do not have significant oversight responsibility, since they evenly share all factors of responsibility with the other cities. However, ultimate liability for payment of claims and insurance premiums resides with member cities. The Authority is empowered to make supplemental assessments as needed to eliminate deficit positions of member cities. If the JPA becomes insolvent, the City is responsible only to the extent of any deficiency in its equity balance.

Upon termination of the JPA agreement, all property of the Authority will vest in the respective parties which theretofore transferred, conveyed or leased said property to the Authority. Any surplus of funds will be returned to the parties in proportion to actual balances of each equity.

The Authority establishes claims liabilities based on estimates of the ultimate cost of claims (including future claims settlement expenses) that have been reported but not settled, plus estimates of claims that have been incurred but not reported. Because actual claims costs depend on various factors, the claims liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, and other economic and social factors. A provision of inflation is implicit in the calculation of estimated future claims costs. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 13: RISK MANAGEMENT (CONTINUED)

The participants as of June 30, 2019 were as follows:

- | | |
|-------------|---------------|
| • Anderson | • Lincoln |
| • Auburn | • Marysville |
| • Colusa | • Nevada City |
| • Corning | • Oroville |
| • Dixon | • Paradise |
| • Elk Grove | • Placerville |
| • Folsom | • Red Bluff |
| • Galt | • Rio Vista |
| • Gridley | • Rocklin |
| • Lone | • Willows |
| • Jackson | • Yuba City |

The City's equity investment in the NCCSIF of \$227,547 is recorded in the General fund as Prepaid Insurance. The net change in equity is shown as an income or expenditure item in the General fund.

NOTE 14: EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The following funds incurred expenditures and transfers in excess of appropriations in the following amounts for the year ended June 30, 2019:

<u>Fund</u>	<u>Excess Expenditures and Transfers</u>
Property Seizures	\$ 18,093
Solid Waste Management	28,190
State Law Enforcement Grant	11,775
Facilities and Equipment	3,049

The excess expenditures were covered by available fund balance in the funds.

NOTE 15: CONTINGENT LIABILITIES AND COMMITMENTS

At June 30, 2019, the City had construction contracts outstanding of approximately \$4,339,837 for the Nevada Street project.

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the appreciable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

NOTE 16: PRIOR PERIOD ADJUSTMENTS

Adjustments resulting from errors or a change to comply with provisions of the accounting standards are treated as adjustments to prior periods. Accordingly, the City reports these changes as a restatement of beginning net position/fund balance. During the current year, an adjustment was required to correct a prior year misstatement of grant accounting.

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 16: PRIOR PERIOD ADJUSTMENT (CONTINUED)

The impact of the restatement on the net position of the government-wide financial statements as previously reported is presented below:

Net Position, July 1, 2018, as restated	\$ <u>12,033,463</u>

The impact of the restatement on fund balance on the governmental fund financial statements as previously reported is presented below:

	<u>Transportation</u>
Net Position, June 30, 2018 as previously reported	\$ (116,511)
Adjustment associated with:	
To correct grant accounting	<u>239,340</u>
Total Prior Period Adjustment	<u>239,340</u>
Net Position, July 1, 2018, as restated	\$ <u>122,829</u>

NOTE 17: TAX ABATEMENTS

The City entered into a sales tax abatement agreement with Nella Oil Company, Flyers LLC on April 18, 2005 pursuant to City Council Resolution No. 05-45. The sales tax abatement serves a public purpose through expanding economic opportunities for businesses in the City, expanding the City's employment base, and generating sales tax revenues to the City that the City can utilize to fund governmental services such as police, fire, street maintenance, and other programs.

Consistent with the terms of the tax abatement resolution, forty-six percent (46%) of sales tax revenues received by the City from Nella Oil Company, Flyers LLC is reimbursed (abated) back to said business owner.

<u>Type of Business</u>	<u>Purpose</u>	<u>Percent Abated</u>
Gasoline/Petroleum	Creation of Economic Opportunities and Provision of Government Services	46%

CITY OF AUBURN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 18: SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY

In accordance with Assembly Bill 1X26 and Assembly Bill 1434, all redevelopment agencies in the State of California were dissolved and ceased to operate as legal entities as of February 1, 2012. The activity of the Successor Agency Trust for Assets of Former Redevelopment Agency (Successor Agency) is recorded in a private purpose trust fund.

The following is a summary of changes in long-term liabilities for the year ended June 30, 2019:

<u>Type of Indebtedness</u>	<u>Balance July 1, 2018</u>	<u>Additions/ Adjustments</u>	<u>Retirements</u>	<u>Balance June 30, 2019</u>	<u>Amounts Due Within One Year</u>
Tax allocation bonds	\$ 4,140,000	\$ -	\$ (140,000)	\$ 4,000,000	\$ 145,000
Plus: Discounts	<u>104,766</u>	<u>-</u>	<u>(5,238)</u>	<u>99,528</u>	<u>5,238</u>
Tax allocation bonds, net	<u>4,244,766</u>	<u>-</u>	<u>(145,238)</u>	<u>4,099,528</u>	<u>150,238</u>
Total	<u>\$ 4,244,766</u>	<u>\$ -</u>	<u>\$ (145,238)</u>	<u>\$ 4,099,528</u>	<u>\$ 150,238</u>

Individual issues of debt payable outstanding at June 30, 2019, are as follows:

Tax Allocation Bonds:

Auburn Urban Development Authority 2015 Tax Allocation Refunding Bonds, issued October 1, 2015 in the amount of \$4,475,000 and payable in annual installments of \$70,000 to \$235,000, with an interest rate of 2.75% to 5.00% and maturity on June 1, 2038. The bonds were used to refund the 2008 Tax Allocation Revenue Bonds.

\$ 4,000,000

Total Tax Allocation Bonds

\$ 4,000,000

Following is a schedule of debt payment requirements to maturity for long-term debt:

<u>Year Ended June 30,</u>	<u>Tax Allocation Bonds</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 145,000	\$ 149,156	\$ 294,156
2021	155,000	143,356	298,356
2022	160,000	137,156	297,156
2023	170,000	130,756	300,756
2024	170,000	123,956	293,956
2025 - 2029	985,000	506,494	1,491,494
2030 - 2034	1,145,000	339,300	1,484,300
2035 - 2039	<u>1,070,000</u>	<u>109,000</u>	<u>1,179,000</u>
Total	<u>\$ 4,000,000</u>	<u>\$ 1,639,174</u>	<u>\$ 5,639,174</u>

NOTE 19: PRIOR ADVANCE REFUNDING

In fiscal year 2016, the Successor Agency to the Auburn Urban Development Authority defeased certain tax allocation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the statement of financial position. The reacquisition price exceeded the net carrying amount of the old debt by \$708,070. This amount is reported as a deferred outflow of resources and is being amortized over the life of the new debt. On June 30, 2019, \$564,403 in deferred outflows of resources was reported.

CITY OF AUBURN
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION ON
BUDGETARY ACCOUNTING AND CONTROL
FOR THE YEAR ENDED JUNE 30, 2019

NOTE A: BUDGETARY BASIS OF ACCOUNTING

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue funds, and Capital Project funds and is controlled at the department level for the City. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).

The following procedures are performed by the City in establishing the budgetary data reflected in the financial statements:

(1) The City Manager and City Administrative Services Director submit to the City Council a recommended operating budget for the fiscal year commencing the following July 1. The operating budget includes recommended expenditures and the means of financing them.

(2) Public hearings, when required, are conducted at City Hall to obtain taxpayer comments.

(3) Prior to July 1 (when possible), the budget is legally enacted through passage of a formal resolution.

(4) Any revisions which alter the total expenditures of any fund must be approved by the City Council. Budgeted amounts are as originally adopted or as subsequently revised by the City Council. All unused appropriations for budgeted amounts lapse at the end of the year.

Annual appropriated budgets are not adopted for certain funds established to meet or satisfy a specific purpose. For the fiscal year ended JUNE 30, 2019, the following nonmajor special revenue and capital project funds were considered established for a specific purpose and did not have annual appropriated budgets:

Maidu Fire Station
Auburn School Park Preserve
Project Fund

The City does not use encumbrance accounting under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation.

NOTE B: BUDGETARY EXPENDITURES IN EXCESS OF APPROPRIATIONS

The following General Fund departments had an excess of expenditures over appropriations at the legal level of budgetary control as follows:

<u>Fund</u>	<u>Department</u>	<u>Excess of Expenditures over Appropriations</u>
General Fund	City clerk	\$ 5,477
	Information technology	40,347
	Insurance programs	40,813
	Nondepartmental	290
	Police	85,775
	Transportation	143,091
	Community development	39,144

**COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS
AND OTHER SUPPLEMENTARY INFORMATION**

NON-MAJOR GOVERNMENTAL FUNDS

The following funds are reported in total on the Governmental Fund Financial Statements under the column Other Governmental Funds.

SPECIAL REVENUE FUNDS

State Gas Tax Fund

The State Gas Tax fund accounts for gas tax revenue allocations from the State. Funds received are restricted to expenditures for street maintenance, traffic safety, and construction.

Transit Fund

The Transit fund is used to account for all revenues and expenditures necessary to provide public transit services and to construct and maintain transit related facilities and infrastructure.

Property Seizures Fund

The Property Seizures fund accounts for cash and assets seized as a result of law enforcement activities. Generally, such funds are held on deposit until expiration of the required holding period and/or funds are provided to appropriate parties.

Maidu Fire Station Fund

The Maidu Fire Station fund accounts for development impact fees received for the maintenance and upkeep of the Maidu Fire Station. The Fire Department periodically appropriates these funds towards upkeep of the station and for the purchase of new equipment.

Small Business Loans (Community Development Block Grant) Fund

The Small Business Loans (Community Development Block Grant) fund is used to account for monies received from the State and Federal governments and loaned by the City to individuals and businesses to encourage small business growth. Funds, when repaid, are provided to new businesses.

Solid Waste Management Fund

The Solid Waste Management fund is used to account for recycling programs funded by State grants and program expenditures related to the City's closed landfill located at the Auburn Municipal Airport.

State Law Enforcement Grant Fund

The State Law Enforcement Personnel Grant fund accounts for grant revenues received from the State which must be wholly spent for Law Enforcement personnel. These funds reimburse the General fund for approximately 2.0 FTE Police Officers.

Facilities and Equipment Fund

The Facilities and Equipment Plan fund accounts for revenues received through mitigation fees assessed on construction of new residential units and renovation of commercial and industrial spaces. Revenues received are used to fund recurring capital outlay as it relates to the purchase of equipment for citywide departments.

Miscellaneous Grants Fund

The Miscellaneous Grants fund accounts for grant revenues received for public safety (i.e. FEMA/Law Enforcement) activities. Generally, these funds must be used for specific law enforcement and fire activities.

NON-MAJOR GOVERNMENTAL FUNDS

CAPITAL PROJECTS FUNDS

Auburn School Park Preserve Fund

The Auburn School Park Preserve fund (ASPP) is used to account for the capital costs of restoring a park using a variety of funding sources. In FY 2005-06, a \$1.5 million "loan" was provided to the ASPP fund from the City's General fund as an advance payment to the Army Corp of Engineers for related project costs (the Army Corp of Engineers managed the construction of the Park).

Project Fund

The Project fund accounts for traffic mitigation fees collected for numerous project areas citywide. Funds collected for each project area may only be used for traffic mitigation projects within boundaries defined by each fee area resolution.

FIDUCIARY FUNDS
PRIVATE PURPOSE TRUST FUNDS

The Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs.

Private Purpose Trust Funds

These funds are used to report other trust arrangements under which principal and income benefit individuals, private organizations, or other governments. The private purpose trust funds maintained by the City include the following:

Merchant's Council

This fund is used to report the activity of the Merchant's Council nonprofit organization.

Historic Auburn

This fund is used to report the activity of the Historic Auburn nonprofit organization.

Signature Theatre Sewer District

This fund is used to report the activity of the Signature Theatre Sewer District.

Southwest Specific Plan

The fund is used to report the activity of the Southwest Specific Plan.

Successor Agency to the Auburn Urban Development Authority

The fund is used to report the dissolution of the Auburn Urban Development Authority.

**FIDUCIARY FUNDS
AGENCY FUNDS**

Agency Funds

These funds are used to report resources held by the City in a purely custodial capacity. The agency funds maintained by the City include the following:

Cable TV Access Fees

This fund collects monies from cable TV access fees and remits them to the Auburn Area Access Community Television Group.

Fire Safety Council

This fund collects monies from grants received for fire safety purposes and uses them for like purposes.

Recreation Park Development

This fund collects monies for recreation and park development.

Placer County Facilities Fee

This fund collects monies for the Placer County Facilities Fee and remits them to the Placer County Facilities Department.

Payroll Clearing

This fund collects monies from payroll and remits them to government agencies.

APOA Medical Savings Plan

This fund accounts for the APOA Medical Savings Plan. In compliance with GASB 43, the City established this trust to account for resources held in trust for the members of an employee benefit plan.

STATISTICAL SECTION

STATISTICAL SECTION

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	101 - 105
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	106 - 109
These schedules contain information to help the reader assess the City's most significant local revenue source, property taxes.	
Debt Capacity	110 - 113
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Economic and Demographic Information	114 - 115
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.	
Operating Information	116 - 118
These schedules contain service and infrastructure data to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.	

Source: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note:

(1) Net expense is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program supports itself with its own fees and grants versus its reliance upon funding from taxes and general revenues. Numbers in parentheses are net expenses, indicating that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program.

Notes:

(a) In 1978, California voters passed Proposition 13 which set the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed value for the payment of any other voter-approved bonds.

(b) Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all property owners.

(c) City's share of 1% levy is based on the City's share of the general fund tax rate area with the largest net taxable value within the City. ERAF general fund tax shifts may not be included in the tax ratio figures.

(d) Redevelopment rate is based on the largest RDA tax rate area and only includes rate(s) from indebtedness adopted prior to 1989 per California State statute. RDA direct and overlapping rates are applied only to the incremental property values. The approval of ABX1 26 eliminated Redevelopment from the State of California for the fiscal year 2012/13 and thereafter.

(e) Total Direct Rate is the weighted average of all individual direct rates applied by the City/Agency preparing the Statistical Section information and excludes revenues derived from aircraft. Beginning in 2013/14 the Total Direct Rate no longer includes revenue generated from the former redevelopment tax rate areas. Challenges to recognized enforceable obligations are assumed to have been resolved during 2012/13. For the purposes of this report, residual revenue is assumed to be distributed to the City/Agency in the same proportions as general fund revenue.

CITY OF AUBURN
Computation of Legal Bonded Debt Margin
As of June 30, 2019

Secured Property Assessed Value, Net of Exempt Real Property	<u><u>\$ 1,812,740,868</u></u>
Bonded debt limit (3.75% of assessed value) (1)	\$ 67,977,783
Less debt subject to limit:	
Total pension obligation bonds at 6/30/2019	(2,840,000)
Total sewer revenue bonds at 6/30/2019	<u>(6,548,963)</u>
Legal debt margin	<u><u>\$ 58,588,820</u></u>

Note:

(1) California Government Code Section 43605 sets the debt limit at 15%. The Code section was enacted prior to the change in basing assessed value at full market value when it was previously 25% of market value. This, the limit shown as 3.75% is one-fourth the limit to account for the adjustment of showing assessed valuation at full cash value.
