

Auburn City Fire Department

2021 Year in Review

FIRE CHIEF'S MESSAGE

I am pleased to present the 2021 Annual Report for the City of Auburn Fire Department. During 2021, team members have worked hard to deliver on the City Council priorities and meet the needs of our community, as highlighted in this report. Our mission is to foster the development and safety of our community through prevention, public education, and emergency response with pride and honor. I am proud to say the men and women of the Auburn Fire Department fulfilled this commitment throughout 2021. We have been tested every day by the coronavirus pandemic and its impact on our members, their families, co-workers, businesses, and residents. Our 22 highly skilled professional firefighters, fire engineers, fire officers, and chief officers, have maintained their Commitment to Excellence, Sustainability, and Innovation. It has been my privilege to work alongside these passionate public servants. Throughout 2021, our first responders were able to mitigate dangerous situations and deliver patient care with compassion and skill.

Our 3 fire stations provide fire protection and life safety services to a geographical area of 7.5 square miles which includes residential, commercial, and wildland interface areas. Our fire personnel and our civilian staff play a variety of important roles, including fire and medical response, emergency management and disaster preparedness, training, community risk reduction, homeland security, urban search and rescue, and hazardous material response.

As we look to 2022, there is no doubt we will experience new challenges and opportunities. We believe our Foundational Accord provides a solid foundation that supports our three pillars ready to serve through a Commitment to Excellence, Sustainability, and Innovation. I hope that our Annual Report provides you with a clear picture of our contributions to this community and builds an even better and stronger partnership with our community.

Stay Safe,

Dave Spencer, M.O.L. Fire Chief

EMPLOYEE RECOGNITION

Firefighter of the Year:

Erik Croft

Captain Erik Croft has been selected as the 2021 Firefighter of the year. Erik started with the Auburn Fire Department in 2002. In 2012, he became a full-time firefighter. In 2019, Erik promoted to Fire Captain. Erik served our country as a Marine and has been the driving force to ensure we provide care for mental health injuries. Erik has played a critical role as our Fire Investigator and been instrumental in revamping our commendation and award programs. Erik is a dedicated member Auburn Fire Department, and we are proud to select him as Firefighter of the year!
