## Significant Emergency Incidents

### VEGETATION FIRE

**September 30<sup>th</sup>** – Auburn Fire units, with automatic aid from CAL FIRE/Placer County Fire, responded to a reported vegetation fire at the City of Auburn Wastewater Treatment Plant. Fire units arrived at scene to find approximately 1/8 acre of grass burning underneath one of the solar arrays that provide power to the facility. Fire resources extinguished the fire and performed a cause and origin determination. Auburn Police Department was requested to assist with obtaining information for the investigation. Representatives from the Wastewater Treatment Plant and solar contractor were requested to respond to the incident. The incident was stabilized with limited damage to infrastructure and the Wastewater Treatment Plant remained fully operational.

Incident Command: B12, Chief Rogers  
Auburn Fire Personnel: 4 (C-Shift)  
Cause: Accidental, Damaged Electrical System  
Assisting Agencies: CAL FIRE/Placer County Fire, APD, OMI

### VEHICLE VS PEDIATRIC

**October 9<sup>th</sup>** – Auburn Fire Engines 1285, 1284 and B12 responded code 3 to ARD, 123 Recreation Drive for 4-year-old boy who was struck by a car. Crews arrived at scene and immediately began CPR and life saving measures on the critical patient. AMR transported to Sutter Roseville Medical Center (SRMC) with two of our Firefighters on board. While en route to the hospital the patient regained ROSC (Return of Spontaneous Circulation) after high quality CPR. The patient remained in critical condition at SRMC for several days. As of today, our young patient is feeling much better, out of the ICU and on a pediatric floor, following all commands, walking, talking, and eating like a champ!
